

Meet Our Admissions Team...

Wellington
SCHOOL

LEARNING FOR LIFE

Claire Smith

Director of Marketing & Admissions

Claire chose Wellington School for two of her sons (one now at University and the other in the Upper Sixth) and was then fortunate enough to get her dream job marketing the School she loves! Her eclectic life spans over 25 years in marketing and PR, although she trained in performing arts, sang jazz in London clubs and can still do a mean tap dance! With three boys (one with special needs), four dogs, 2 horses and a smattering of chickens, life in darkest Somerset can be deliciously hectic!

Kate Peachey

Marketing & Admissions Co-ordinator

Kate has 2 children who both attended Wellington School and has been associated with the School as a parent since 2010 and then as a member of staff for the last 7 years. During the summer months she reignites her dreams of playing on the lawns of Wimbledon by turning out for her local tennis club. In the office Kate is known for her refreshment regime of coffee only before lunch and tea all afternoon. Kate loves Salt and Vinegar crisps and cannot resist a Bounty as she loves anything with coconut in it.

Rachel Debenham

Registrar

Rachel is a mum of three pupils at the School and was a former pupil herself. She has the best job in the School meeting new families, touring them around and easing them gently into life at Wellington. Out of school she plays a bit of hockey and goes to the gym, the rest of the time is spent being a busy mum trying to be in three places at once! She looks forward to welcoming you to Wellington, our delightful school at the heart of the beautiful Somerset country side.

Fiona Howell

Admissions Co-ordinator

Fiona has two children at Wellington School and has lived in Devon for 10 years. She is a qualified chartered surveyor who worked with rural property (including a spell with Location, Location, Location star Phil Spencer!) She is now thoroughly enjoying showing off our wonderful school and loves meeting new families. Fiona enjoys spending time in the countryside with friends and family (and her two black Labradors) and is a keen skier.
